M. C. T. F. PLANS ACTION ON MINORITY HIRING

PUBLIC LIBRARY TACOMA PUBLIC LIBRARY
MAR 23 1971 General Services Dept.
Tacoma, Washington

At the Wednesday March 10 meeting of the Minority Concerns Task Force, the Task Force unanimously supported the following recommendations as an outgrowth of the Washington State Advisory Council on Civil Rights hearing which was held Friday, March 5.

We the Minority Concerns Task Force recommends that:

1. The Mayor and City Council make public their position on the employment practices in city government in relationship to minority hiring.
2. The Mayor and City Council mandate that the City will obtain and maintain at least a minimum of 12 per cent of the minority population among city employees within 18 months. Using the figures revealed by Stan Bixell, Director, City Personnel, 1,137 employees have been hired during a five year course. This averages out to 227 employees each year. Considering the present economic turndown, normal turnover, retirees, and promotions, we feel that out of 335 perspective new employees in a 18 month period, 227 should be from minority groups.
3. There will be a "freeze" on city hiring until the above mandate has accomplished.
4. Establish a Civil Service review Committee to review Civil Service rules and regulations and make recommendations for change that will allow for fairer inclusions of minorities.
5. The city institute a city contract compliance ordinance that set forth minority hiring guidelines to be followed by contractors benefiting from local, state and federal administered by city Government.
6. The city mandate intergroup relations training for all departmental directors and first line supervisors.
7. Memberships on Boards and Commissions that are appointed by the Mayor and City Council be more reflective of the minority community (i.e. Planning Commission, Library, ect.)
8. That 2 percent of each departments budget be reallocated to the job trainee program in order to provide more comprehensive service to prospective trainees.
9. The actual number of city minority employees to be determined by a visual count of a third party (Urban League).

In light of the present disparity that exists sn the hiring practices of the city we do not feel that the above recommendations are strident and urge immediate implementation.

Urban League Members Remember Whitney Young

Death of one of the world's great men, Whitney Young, brought memories and expressions of sympathy in Tacoma as the leader's body was flown home for funeral services.

Tribute to Young was paid by Bernard Orell, Tacoma Urban League president, and Tom Dixon, League director.

"Young was impatient, yet his impatience was blended with understanding," Orell said. "He was a tower of strength to the League."

Eugene Breckenridge, first League president here, said Young had wanted to come to Tacoma when the local league was founded. Instead he was called to Vietnam by President Lyndon Johnson in connection with the South Vietnamese elections.

Historian Breckenridge said, will give attention to what Young did.

"We must," he continued, "work for progress along the lines of his dream, by those methods he exemplified."

He spoke from notes made in New York in 1968 when he heard Young speak:

"We must avoid the temptations of gradualism and tokenism and separatism and all the other palliatives. That is a procractination America can no longer afford. In whatever form it takes civil rights from here on out must change the emphasis of its thoughts and actions.

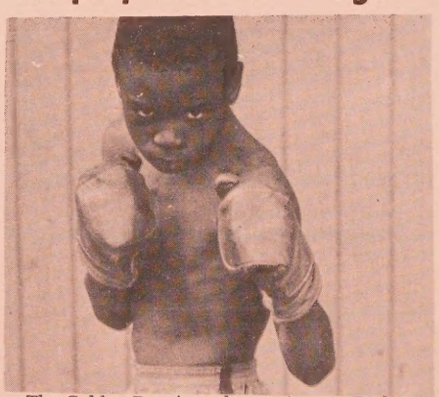
"Those dispossessed can no longer say 'I want to be just like them'. With rights and expectations, he now proclaims, 'I want to be me'."

Young himself, talking in Tacoma later opposed a black go-it-alone view.

"It is clear to me," he said then, "that we will either live together in this neighborhood technology has created for us or surely we will die together like fools.

"Don't let our rhetoric fool you into thinking the trouble will be solved tomorrow or that we all are going to move to an all-black state. We may have come over here on different ships but had better believe we are all in the same boat now."

T.B.C. Team Takes Trophy In Las Vegas



The Golden Boy Award was given to Ricky Lockeradge, who won the 75 lb. weight class.

Coach Joe Clough and 11 boxers went to Las Vegas, Nevada last week to participate in the National Gloves. Coach Clough took five juniors Ricky Lockeradge, 75 lbs., Al Armstrong, 95 lbs., Greg Owens, 100 lbs., and Jerry Wyles, 106 lbs.

Six seniors Frank Armstrong 119 lbs., Dale Grant, 125 lbs., Wilbur Seales, 132 lbs., Eugene White 132 lbs. and Jerry Bennett, 147 lbs..

After the first two days of fighting 10 of 11 made the finals. Only five members were victorious to take the team trophy.

Al Armstrong took the 95 lb. weight. Greg Owens and David Armstrong meet for the 100 lbs. victory. Armstrong took the decision.

In the Senior class there were victories is the 132 lb. and the 139 lb. class. Wilbur Seales won the decision over team mate Eugene White in the 132 weight. The Tacoma Boys Club most promising fighter in the 139 lb. weight took the victory in that class.

The Boxers are now getting ready for the Golden Gloves in Seattle this weekend.

Metro Development Council Seeking Grants

Metropolitan Development Council directors this week voted to apply for $115,000 worth of grants for a variety of activities from several state and federal agencies to hire workers for several environmental programs.

The agency is a successor to an earlier group (ODI) which had been the Pierce County Spending agency for the Office of Economic Opportunity.

New function of MDC may be limited to inside-Tacoma efforts with Pierce County Commissioners having the spending strength out in the non-city county.

William Seline, MDC coordinating director, said his environmental concept embraces recycling and solid waste management, fish culture; research into agriculture and environmental education.

Agencies asked to go along in the program include the State Game Department, State Department of Fisheries, State Agricultural Extension Service, Tacoma Community College, Tacoma School District, and Pacific Lutheran University.

The requests for money will go to the U.S. Economic Development Administration, U.S. Department of Health, Education and Welfare, and several labor funding groups.

Programs to be attempted if money is forthcoming will be $50,000 for planning against drug abuse in southern Puget Sound from the National Institute of Mental Health, $23,000 for a housing program, and $10,000 for one of the staff to work on housing code enforcement.

Now Lucky will pay you not to throw away their cans.

Lucky Breweries Inc. becomes the first brewer in the nation to offer a complete recycling program for all its bottles and cans. Lucky's pioneering bottle recycling program has met with such broad consumer response that now we're extending it to cans. And that means you can get one-half a cent for every Lucky beer can you turn in.

So help us help keep the Northwest beautiful.

Bring back your empty Lucky Lager or Lucky Draft beer cans to your Lucky distributor listed below—only Lucky cans will be accepted. (It's an easy way for your group or organization to raise needed funds. And don't forget you can also get 25¢ for every 24 Lucky throw-away bottles you return to the same address.) Like we said before it really is Lucky when you live in the Northwest

Turn your Lucky beer cans and bottles into cash at:

DOWNTOWN BOYS CLUB HAPPENINGS

By HENRY RIVERS

Out of 13 teams entered in the 12th and under National Basketball Tournament held in Everett all games were played at the Everett Boys' Club.

The teams that played were Mukilteo, Greenwood, Bellingham, Bellevue, Edmonds, Seattle U., Ballard, Federal Way, Rotary, East Side, Wallingford, Tacoma Boys Club and Everett.

The 12 Boys Club members that represented the Downtown Boys' Club were Rusty Warren, Robert Bennett, Leslie McCulley, Bryon Boyd, Dewey White, Eugene Randolph, Frank Bailey, Zuckrey Hill, Thomas Hunt, Bruce McClain, Lennie Petty and Jeffery Field. The team was coached by Richard Petius.

The Tacoma Boys' Club team received a bye for their first game to meet Seattle U who defeated Edmonds.

The game began as if it was going to be a close contest all the way. T.B.C. took lead in the first two minutes of the quarter and held on for the win. The only time that Seattle U looked as if it was going to make a bid to overtake T.B.C. with three minutes to play in the first half. Seattle managed to close the gap to two points as the half ended 35-33.

In the third quarter T.B.C. pulled away to defeat the Seattle U. team 75-54. As Dewey White and Leslie McCulley lead their team in scoring with 14 and 10 points respectively. Lennie Petty had 9.

The Semi-Final game between Bellingham and Tacoma Boys' Club. Fouls play an important part in the victory for Bellingham who won the game from the free throw line 64-61.

The Medicine Cabinet Villian Or Friend

By CEE ELL HANSEN

For a further look into the growing drug problem let's find out some facts about the common household medicines, especially the ones that have come under the subject of abuse on occasions. One of the drugs that is commonly used for sinus decongestion and in the pain and tension relieving medicines comes under the classification of the Bromides.

Bromide in its raw form is a very toxic element. But when combined with other ingredients such as, potassium, calcium, iron, sodium, and ammonium, it becomes a useful medicine. In some cold remedies it is used as a pain reliever. Because of its seditive effect in calming nervous tension, it is generally used in nerve relaxing and sleep inducing medicine. Until recently it was used to control spasmodic afflictions such as epilepsy; now phenobarbitol and dilantin was found to be more effective.

People who are hypersensitive to basic bromine may develop severe skin rashes, boils, inflammation of the hair and scalp and many other unexplainable symtoms. Long range use of bromides as with most depressants CANbecome addictive with intoxicating side-effects. Overdose can result in Bromide intoxication with such withdrawal symtoms as; headaches, chills, apathy, delirum, hallucinations, drowsiness, and palor of skin, much the same as the D.T.'s of an alcoholic.

Bromide addiction should be treated only under careful and persistant medical assistance, as it can have some psychodic as well as physical after effects.

Education Planning Council Meeting March 24

The regular meeting of the Education Planning Council members will be held Wednesday, March 24, 7:30 p.m.. Your presence is urgently needed.

GIVE US A TRY

THE GOOD SIDE OF BAD TIMES..

Yes, it is true we have been having hard times in this area. But, as many economists have pointed out, approximately 90% of Washington's work force IS employed. Also, the Northwest is still one of the finest places in the country to live. Plus: it is closest to the Great Circle route to the Orient . . . and has a tremendous long-run future.

So things are not nearly as bad as they appear at the moment.

WHAT'S GOOD?

The market for home buyers!

House prices are the lowest they have been in years. You can be certain they will go up again—soon.

Interest rates have recently dropped—making it even less costly to buy housing now.

And don't forget, when you are buying your own home and building an increasingly valuable equity, every cent of interest you pay is income-tax deductible.

The same goes for property taxes.

With today's low prices, and tomorrow's almost certain increases, NOW is the time to buy a home of your own.

In a few years, you will have built a valuable equity. In a few more, should you decide to sell, you will be happy you acted now—that you bought when prices were low, and good homes plentiful.

For homehunters, this is the GOOD SIDE to bad times.

Buy a home of your own now—while prices are down and supply is up.

HUD/FHA has many acquired homes in this area. You will find them in all sizes, in all neighborhoods, at prices you can afford.

These homes are sold only through licensed Real Estate dealers. Go to one today. (Almost all Real Estate offices have complete listings.) Ask them to show you some of these fine buys in FHA/HUD acquired homes.

You can take advantage of the good side of today's economy.

If you act today.

HUD properties are offered to any qualified purchaser, without regard to race, creed, color or national origin. Brokers who do not observe this "open listing" ruling are precluded from doing further business with HUD.

Voters Shoot Down School Levy By Not Voting

Tacoma voters killed a pair of school levies last week by not voting in numbers enough to make the election legal, and the School Board will ask another vote April 27 on the same levies.

J. L. Boze was the only no voter of the Board as to the levy resubmission. He alone suggested the Board try to trim down school spending.

To validate the election last week 23,053 votes were needed. Only 20,658 turned out. They voted yes 15,091 and no 5,368 on the $9,600,000 levy and 14,126 yes and 6,156 no on the building bond issue.

We think the average parent should know as much about drugs as the average pusher

Sometime soon you're going to have to talk to your teenagers about drugs. The sooner the better. We hope this page gives you something to start talking about. Because we want you to get to your kids. Before someone else does.

THE OPIATES

When most people refer to "narcotics" this group of drugs is what they are talking about. Opiates are used medically as pain killers. On the street they cause pain for the user and society in general.

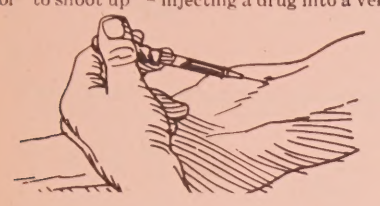
Opium
a white powder from the unripe seeds of the poppy plant. Opium can be eaten, but it is usually smoked in an opium pipe.

Morphine
is extracted from opium. It is one of the strongest medically used pain killers, and is strongly addictive.

Heroin
this strongly addictive drug is prepared from morphine. Outlawed even from medical use, heroin is the most commonly used drug among addicts. It can be sniffed, injected under the skin, or into a vein. Street slang for heroin includes "scag", "smack", "H", or "junk".

"On the Nod"
or nodding. The state produced by opiates. Like being suspended on the edge of sleep.

Mainline
or "to shoot up" – injecting a drug into a vein.



"A Hit"
street slang for an injection of drugs.

Works
the apparatus for injecting a drug. May include a needle, and a bottle cap or spoon for dissolving the powdered drug.

A Fix
one injection of opiates, usually heroin.

Junk
heroin, so named because it is never pure as sold on the street.

Junkie
an opiate addict.

Skin Popping
to inject a drug under the skin.

A Bag
packet of drugs, or a single dose of an opiate. Amount of the drug in the bag is denoted by price, a nickel bag ($5), a dime bag ($10).

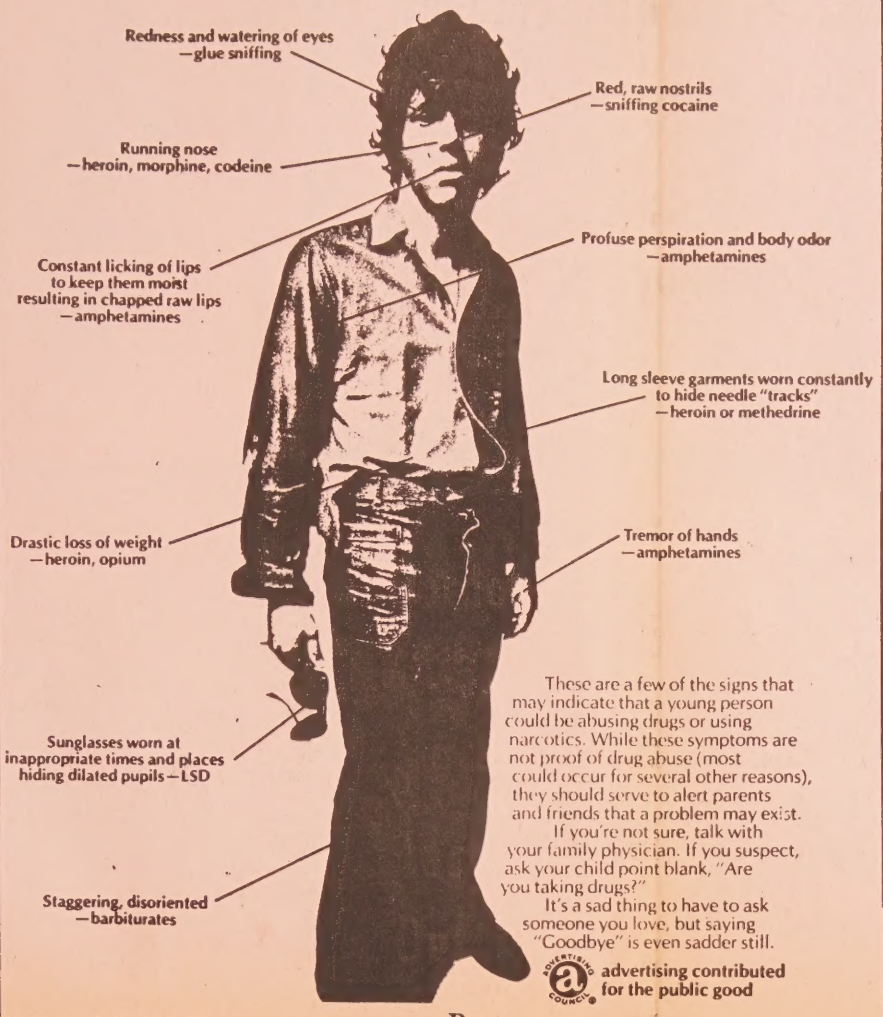
"Cold Turkey"
describes the withdrawal that occurs after repeated opiate use. The addict can become irritable, fidgety, perspiration increases, there is a lack of appetite. The main problem in discontinuing opiate use is not *getting* off the drug, it's *staying* off.

Track
scars on the skin left from the repeated injection of opiates.

Overdose
cause of over 200 teenage deaths in New York City last year. Death is caused because the part of the brain that controls breathing becomes paralyzed.

Addiction
physical dependence on a drug, so that when the drug is taken repeatedly, and stopped suddenly,

Diagram of a drug abuser



These are a few of the signs that may indicate that a young person could be abusing drugs or using narcotics. While these symptoms are not proof of drug abuse (most could occur for several other reasons), they should serve to alert parents and friends that a problem may exist.

If you're not sure, talk with your family physician. If you suspect, ask your child point blank, "Are you taking drugs?"

It's a sad thing to have to ask someone you love, but saying "Goodbye" is even sadder still.

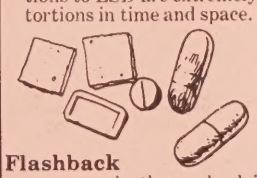
advertising contributed for the public good

PSYCHEDELICS

The medical classification of all mind altering substances. "Psychedelics" change a person's perception of his surroundings.

Hallucinogens
Those psychedelics which cause hallucinations.

LSD
probably the most powerful psychedelic. Reactions to LSD are extremely unpredictable. Distortions in time and space. Brighter colors. Vivid sounds. Feelings of strangeness. A sense of beauty in common objects. Sometimes fear and panic. Sometimes even psychosis.



Flashback
a user can be thrown back into the LSD experience months after the original use of the drug. Other possible risks of LSD, which are being thoroughly researched, include brain damage and chromosome breakage.

Acid
a slang term for LSD. A frequent LSD user is an "acid head".

Drop
to take any drug orally. LSD is usually dissolved in water, and may be placed on a sugar cube. The term is to "drop acid".

DMT
a powerful psychedelic prepared in the laboratory as a powder or liquid. It is usually injected into the vein or smoked along with marihuana or in cigarettes.

Psilocybin
this psychedelic comes from a mushroom. It is less potent than LSD and takes a larger dose to get the effect.

Peyote
from the peyote cactus, causes pronounced visual effects. It is used in a religious ritual by some Southwestern U.S. and Mexican Indians and its use in these rituals is legal.

Mescaline
"mesc" is the common name for this drug which also comes from the peyote cactus. Stronger than peyote itself, mescaline also causes vivid visual impressions.

DOM
called STP by users. The effects of STP can last for two or three days.

THIS PAGE PREPARED BY THE THE FACTS ADVERTISING RESEARCH TEAM AND PRESENTED TO THE FACTS READERS AS A PUBLIC SERVICE BY THE ORGANIZATIONS LISTED BELOW

THC
tetra hydro cannabinol. Purified extract of the resin of the hemp plant. Also made in the laboratory. It is thought to be the substance in marihuana and hashish that causes the mind altering effects of these substances.

Trip
a name for the reaction that is caused by a psychedelic drug. A bummer is an unpleasant or frightening trip.

Head
someone who uses drugs frequently.

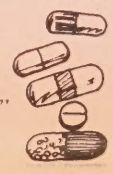
THE DEPRESSANTS

The category of drugs that depresses the functions of the brain.

"Downs"
street slang for depressants.

Alcohol
ethyl alcohol, a depressant because it slows the functions of the brain that control thinking and coordination. In high doses it produces drowsiness and sleep. Alcohol is an addictive drug, since after prolonged or continued use, it can cause physical dependence (alcoholism), and when discontinued, causes withdrawal symptoms at least as serious as the other addictive drugs.

Barbiturates
these drugs are in the group called sedatives medicines to make you sleepy. Barbiturates are taken in capsule or tablet form, They cause physical dependence (addiction), and after repeated use, physical withdrawal does occur when these drugs are discontinued. Among the common commercial names for barbituates are:
Seconal or "red devils"
Nembutal or "yellow jackets"
Amutal or "blue heavens" or "blue-devils"
Luminal or "purple hearts"
Tuinal or "rainbows" or "double trouble"



Barbiturate Overdose
more people in the United States die as a result of an overdose of barbiturates (usually suicide) than of any other single substance.

Intoxication
sedative or tranquilizer intoxication is similar in its symptoms to alcohol intoxication. Driving while intoxicated can be extremely dangerous, and is thought to cause at least 25,000 traffic fatalities a year.

Tranquilizers
drugs that calm tension and anxiety. These drugs do not cause sleep except in high doses. Tranquilizers are taken in capsule or tablet form Some common commercial names for tranquilizers are: *Equanil, Miltown, Librium*, and *Valium*

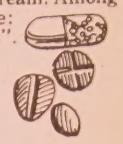
INHALANTS

Among substances which are inhaled and produce a high are: glue, gasoline, lighter fluid, and refrigerants. Continued inhaling has been reported to cause severe anemia, liver damage, brain damage, and death.

THE STIMULANTS

These drugs stimulate the system, or make a person more lively. While they are not physically addictive like the opiates, they produce a psychological dependence or craving.

Amphetamines
these stimulants are taken in tablet or capsule form, or injected into the blood stream. Among the widely used amphetamines are:
Dexedrine – or "dex" or "dexies".
Benzedrine – or "bennies".
Methedrine – or "speed" or "crystal meth".
Biphetamine – or "footballs".



Speed Freak
person who repeatedly takes amphetamines or "speed", usually intravenously.

Mental Effects of "Speed"
amphetamines produce a decreased sense of fatigue, increased confidence, talkativeness, restlessness, and an increased feeling of alertness. As dosage increases amphetamines can produce irritability, distrust of people, hallucinations, and amphetamine psychosis.

Amphetamine Psychosis
a serious mental illness caused by overdoses or continued use of amphetamines. The person loses contact with reality, is convinced that others are out to harm him. The most frightening part this psychosis sometimes continues long [illegible] taking the drug.

Rush
the brief heightened state of exhilaration at the beginning of a high.

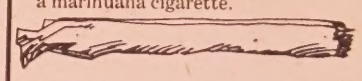
Crashing
withdrawal from amphetamines, the swift descent from an amphetamine high to severe lows of depression.

Cocaine
another kind of stimulant, derived from cocoa leaves. It is sniffed as a white powder, or liquefied and injected into a vein. It produces a fast and powerful feeling of elation. Cocaine does not produce physical dependence (addiction), but does produce a strong psychological craving.

Coke
street slang for cocaine.

Marihuana
the crushed and chopped leaves and flowers from the hemp plant. Sometimes smoked in cigarette form. Sometimes smoked in pipes. Reactions can be: a giddy feeling like drunkenness; changes in perception and mood; feelings of well-being or fear; and possibly hallucinations. Slang terms for marihuana are "grass" or "pot".

Joint
a marihuana cigarette.



Roach
the butt end of a joint.

Stoned
describes the intoxicating effect of marihuana, or really any drug, or alcohol.

Hashish
called "hash". Also prepared from the flowering tops of the hemp plant. Hashish is smoked in a pipe or taken orally, and is more powerful than marihuana.

Congratulations to the president and members of the Statemen Social Club on their successful grand opening.

Mr. Laskey, who is the president, made each guest feel very welcome at the opening. Thank you Statemen for allowing your country and city se to serve as your hostess.

Some of the guest bringing greetings and congratulations were Dorothy Brown and Vic Harris, Doug and Lees Schoffner, Carole and Walt Staten, Harrietta Green, Bob and Kee Morris, Lillian and Mike Springer, Willie Mai Drummond and many more lovely people that made the scene. Last but certainly not least was Ethel Stevenson making a beautiful entrance in lovely green cocktail pant suit.

Lagniappe...if you really like to groove on a Sunday afternoon, take in the jam session at the Cascade Room. It's really groovy...Happy birthday to little MissSharon Jidie, also birthday greetings to Mrs. Willie Mai Drummond... Ann Wilkenson your se's are sorry to learn of your illness. we wish for a speedy recovery, we miss you.

HEAD START RUMMAGE SALE APRIL 1-3

A Head Start rummage sale will be held April 1, 2 and 3 9 a.m. to 3:30 in the Boys' Club, 25th at Yakima.

Anyone wishing to give donations may bring them to Hawthorne School before the sale or to the Boys' Club during the sale.

HILLTOP JAYCEES SPONSOR BANQUET

The Tacoma Boys Club Parents' Club is happy to announce that the Hilltop Jaycee will sponsor the Annual Sports Banquet at Olav's Buffet Restaurant, 9521 Gravelly Lake Drive, S.W. April 8 at 6 p.m..

This will include all boys that have participated in our athletic program which will include baseball, basketball, football, swimming, and boxing throughout 1970-1971. We will be honoring approximately 150 to 200 boys.

Hats off to the Hilltop Jaycees for again supporting the Downtown Boys' Club in their efforts to better programs for the youth in our community.

PERSONALITY PROFILE

BY LILL and TERI

Mrs. Cyril (Bertie) Edwards, ex-captain, LPN, corsiteere and president of the City Assn. of Colored Womens Club is a very busy woman indeed.

Mrs. Edwards was born in Danville, Virginia, and attended Hampton University, where she majored in English and math. She joined the Army during World War II, whereby she made captain within three years.

While serving as Capt, Mrs. Edwards revealed that she met her husband, Cyril, while they were stationed in England. Antough he was M/Sgt and she an officer, she was not allowed to go out with him (officers was restricted from socializing with enlisted men), they would wait until there was a black-out to be together. Having the same last names before marriage was advantageous when they were questioned by the duty officers.

Not only did she meet her husband while serving in the Army, she had the good fortune of being photographed for the movie newsreels with the late Charles de Gaulle while stationed in France. It was very amusing to hear Mrs. Edwards reminiscence of how she would go to the movie each day for a week to see herself on the screen with the president of France. Not only she would go to the movies, she would take her friends to see this great event that had happened, Bertie seated behind De Gaulle.

After being discharged from the Army, Mrs. Edwards, never one to be idle, decided to venture into another field--the field of nursing. She received her license as an LPN from the State of New York and became the first black LPN in the City of Tacoma. She used her talents in that profession at the Indian Hospital (now Cascadia) from 1949 to 1953, at which time she and the children joined her husband for a tour in Japan.

Mrs. Edward's continued her yearn for adventure and self satisfaction when she ventured into the world of foundations 15 years ago. She became a specialist in corseteere--a special measured and custom made foundations for women and men. Mrs. Edwards stated that she was the only corseteere in Tacoma and that she would be willing to train a young person in this very rewarding field.

Not the one to take all and give nothing, Mrs. Edwards not only contributes to the welfare of others with her volunteer nursing, but has been very active and instrumental in getting the old City Assn. Club into its present state--a very modern, useful and lovely Club House, only because she and a number of women who had "positive mental thinking (PMT) which in essense is "Faith". She feels that the Clubhouse itself was built on "Faith" and was trully a community project.

Mrs. Edwards displayed a keen belief and trust in God which lead us to the inquire about her church affiliation and activities in the church. She is and active member of the McKinley Park Christian Church.

The Edwards are the proud parents of two children, Audren and Dwight. Audrey who graduated from the University of Washington and attended Columbia University, is presently the junior editor of Redbook Magazine. Dwight is a senior at Central Washington State and serves as a legislative intern in Olympia, Wa.

Thank you, Mrs. Cyril Edwards, for allowing us to come into your home for this wonderful and interesting interview.

This Week In Model Cities

Are you a member of the Hilltop Model Neighborhood Citizens Association? That is the parent citizen group for Tacoma Model Cities. You are eligible if you live in the Model Neighborhood or represent an organization within the Model Neighborhood. There are no dues, no other requirements and you can sign up now at Model Cities Office. The annual election of officers and selection of Executive Board members will be announced shortly. To be eligible to vote, you must be a member. So sign up now.

Tuesday night, March 9, the Housing and Physical Environment Task Force held one of the most interesting meetings ever. Nearly thirty members including a large percentage of residents were present to hear William Seline, executive director of Metropolitan Development Council (the successor to O.D.I.) present a plan calling for M.D.C. to handle Model Cities Housing component. No decision was made. However, strong support for Model Cities to organize their own vehicle was expressed by several of those present. Additional discussion of this matter plus an election of officers for the Housing Board will be the agenda items in a special meeting this Tuesday, March 16.

Incidentally, Bill Burton, Roger Laskey and Harold Botley were among the new faces seen at last Tuesday's meeting. Come out again and bring a friend. Model Cities Advocates, Lucille Delaney and Essie Wormack, have just completed a monumental task that can be of value not only to Model Cities, but other neighborhood organizations as well. We nov have a complete list of Model Neighborhood organizations and churches with addresses, phone numbers, and presidents or pastors. Congratulations, Ladies.

Paul Wasson and the Health and Social Services Task Force are moving ahead with their planning. It was announced this week that a request will be made soon to the Tacoma Pierce County Health Department for family planning services to be in the Hilltop area. If you have comments or suggestions, please call Alice Thwing or Essie Wormack--593 4660.

(Incidentally, that's our new phone number.) In the same vein, a questionaire will be distrivuted on attitudes and health concerns in the near future. This will help in the setting up of a much needed Health Service for the Model Cities area.

A Title I tutoring program will be getting underway soon at Stanley, McCarver, McIlvaigh, and Lister Schools. Lucille Delaney has complete information. Call her at 593 4660.

OFF THE HILLTOP.....

FROM C. E. A. .....

Next week we are going to have something different, so hold on until next week.

EDUCATION

We didn't do to good on the Education level, it fell in Tacoma. This only goes to show the educational understanding of parents in the Tacoma area, very low. Something must and should be done to educate people as to the schools.

We at C.E.A. feel that education is a must. Out of our office every week are classes that are to fulfill some of the needs of people in the Hilltop community. English, Math, and History of self are very important in everyone of our lives.

This week March 22-26 the Educational Schedule at C.E.A. are as follows:

Monday 2-4:30
Otha-English Grammer 2-3
Hilda-Spelling 3:15-4:30
Tuesday-2-4:30
Otha-English 2-3
Tabo-Film 3:15-4:30
Wednesday-2-4:30
Otha-Office Work 2-3
Hilda-Spelling 3:15-4:30
Thursday-2-4:30
Otha-English 2-4:30
Tabo-Field Trip Stanley School/IBM
Friday-2-4:30
Math-Warren Snipes

Come join in!!! Another message from C.E.A.
